“That Kilkenny County Council keep the Newrath recycling facility open and that finance is made available in future council budgets to put towards the new recycling centre planned for Grannagh”.

12. Notices of Motion from other local authorities seeking support of Kilkenny County Council County Council - Fógraí i dtaobh Rúin ó Údaráis Áitiúla eile ag lorg tacaíochta ó Chomhairle Chontae Chill Chainnigh:

4(11) Clonmel Borough Council

“That Clonmel Borough Council calls on the Government to recognize the unique and vital role of the postal service in Ireland, and particularly rural Ireland, as a means of communications, as a vital economic tool and as an intrinsic part of the fabric of the community. Our postal service has a social and economic value, these must be properly protected as the Government draft legislation to open the postal market to full competition. Post men and women provide very important public service and also function as an integral part of the social fabric of their community, particularly for the elderly and isolated citizens whose only human contact might be the post person. Furthermore An Post’s extensive delivery and collection network, is an intrinsic part of the economic and business infrastructure of the country. Reaching every corner of the country and by delivering to every front door An Post is an essential partner in business from a marketing, payment collection and business generation point of view. As Ireland prepares to liberalise its postal market it is essential that the Government acknowledges this important public service, ensures that the Universal Service Obligation is protected by legislation and does not allow the opening of the market to lead to wide spread job losses, social dumping and an erosion in service levels as has happened in other countries who have already opened their postal market to competition”.

5(11) South Tipperary County Council.

“That in view of the recent European Court of Auditors report on the international sugar industry, this Council calls on the Government to consider measures which would result in Ireland acquiring its sugar beet production quota and encourage the re-establishment of the sugar processing industry in Ireland and further that this Council would facilitate a meeting of interested parties with a view to progressing any proposal in this regard”.
